RSI BULLETIN #92-001

FROM: Daniel C. Ludwig

DATE: March 24, 1992

SUBJECT: Container Labeling

To test formulations under the CMA Product Approval Code of Practice, minimum labeling requirements for oil containers shipped to testing laboratories include, but are not limited to, the first four fields of the formulation code. These fields are sponsor ID, sponsor code, minor formulation modification and blend number. Additional labeling is at the discretion of the sponsoring company or test laboratory.
