RSI BULLETIN #R-038

FROM: Daniel C. Ludwig

DATE: August 21, 2000

SUBJECT: Test Reports Pages For Sequence IIIF

Per the August 15, 2000 American Chemistry Council's ALERT to Practitioners of the American Chemistry Council Product Approval Code of Practice, the Sequence IIIF has been brought into the Product Approval Code of Practice. The test type name used for test registration with the CMA Monitoring Agency will be "IIIF"

The following ASTM test report pages must be submitted to RSI:

- Form 4 Test Result Summary
- Form 5 Operational Summary
- Form 6 Used Oil Analysis Results
- Form 7 Valve Lifter and Camshaft Wear Results
- Form 9 Summary Of Piston Deposits
- Form 12 Hardware Information

If you have any further questions, please contact the RSI offices.
