RSI BULLETIN #R-040

FROM: Daniel C. Ludwig

DATE: December 4, 2000

SUBJECT: Test Reports Pages For Sequence IIIF

Due to the recent ASTM format changes for the Sequence IIIF, RSI will now require test laboratories to submit Form 10 which is an addition to forms previously requested. Listed below is an updated list of the ASTM test report pages that must be submitted to RSI.

- Form 4 Test Result Summary
- Form 5 Operational Summary
- Form 6 Used Oil Analysis Results
- Form 7 Valve Lifter and Camshaft Wear Results
- Form 9 Summary Of Piston Deposits
- Form 10 Blowby Values & Plot
- Form 12 Hardware Information

If you have any further questions, please contact the RSI offices.
